
Societal Risk Approach Safeguards Design Evaluation

the use of a modified pra risk equation in doe security - proposes portraying safeguards risk as: $risk = f \times p \times c$, where: - f is frequency of occurrence of an attack at a nuclear site - p is the probability the attack is successful - c is the consequence of the attack 2 w. m. murphey, t. s. sherr, c. a. bennett, societal risk approach to safeguards design and evaluation, erda-7, 1975. 3 **corporate evaluation - publications.iadb - 1.1** this is the approach paper for the forthcoming evaluation of the inter-american ... investments have increasingly entered the public arena as societal awareness of the potential risks and costs of not fully considering and managing these effects ... equality—and disaster risk management and a revised environment and safeguards compliance ... **module 4: societal justification, safety and security of ...** - module 4: societal justification, safety and security of nuclear energy hours gentl e partner s 1 the science, politics and ethics of nuclear technology assessment: 8 (1 day) sck philosophical and ethical considerations on risk perception, justification and governance 2 the social and geopolitical landscape of energy governance 1 **session technology forum focus groups indusi 5000 11973-5000** - of adversary interruption (by the safeguards system), and c is an estimate of the consequences from the action. the implementation of this societal risk approach is problematic because of the difficulty in estimating the probability of attempt pa . the situation for estimating the probability **a framework for risk criteria for critical infrastructures ...** - a framework for risk criteria for critical infrastructures: fundamentals and case studies in the netherlands ... risk as a balance between hazards and safeguards. they then define the risk of a certain activity as a set of triplets ... the synthesis of this national risk criterion and the vrom-type of local societal risk criterion approach ... **united states nuclear regulatory commission advisory ...** - advisory committee on reactor safeguards washington. d. c. 20555. may 11,1998 . the honorable shirley ann jackson ... regarding individual risk and societal risk promulgated in the safety goal policy statement are fundamental goals. ... no action would be required. this approach would be consistent with the "risk-informed" philosophy, which ... **a risk-based approach to privacy: improving effectiveness ...** - • while the risk-based approach may be used to calibrate obligations and compliance of organisations, it should not be seen as a dilution of individuals' rights, nor as a means of avoiding legal obligations. • a risk-based approach is closely linked to the setting of priorities: "selective to be effective". **multi-level risk assessment - planning.nsw** - • screening and risk classification and prioritisation indicate there are no major off-site consequences and societal risk is negligible; • the necessary technical and management safeguards are well understood and readily implemented; and • there are no sensitive surrounding land uses.
